

RVBA

Richard Travers, the new President of the RVBA for 2008, started the meeting at 7:15 by everyone introducing themselves.

Topic of discussion:

Sidewalks in High Falls

Rondout Valley Food Pantry

Robert Mann spoke about a two million dollar budget to work with. He stated that he was looking forward to a walkable town center in Stone Ridge consisting of Bluestone sidewalks and about 40 new trees starting at the Community Center all the way down to the Town Hall along the west side of the street. We are looking to slow traffic down with multiple crosswalks and a traffic light at 213 which I think we can all appreciate.

We are also looking to increase business along that quarter.

The committee will be put together by volunteers.

This Public workshop will start in High Falls in March 2009.

Richard Travers made an announcement for anyone who would like to help with the membership drive committee for the RVBA. If anyone is interested please contact Ben Shor at Prudential Nutshell Realty.

Richard Travers concluded the meeting by thanking everyone who donated to the Rondout Food Pantry, which services approximately 105 families each week.

Thank You to all who donated.

Meeting was adjourned 8:15.
